## THE "FLEXOR": A LEANING POST SHOCK ABSORBING PRODUCT

P/N

LPFK125

- A unique and innovative **E-Tec Marine™** product offered exclusively by **T&C Metals**.
- Dampens the shock when your boat takes a hard hit from rough seas.
- Install on new or existing leaning posts with a simple modification.
- Installation can be easy by welding or bolting the "Flexor" in place.
- Provides a smoother ride in choppy seas, and reduces fatigue from rigged seating.
