Introduction

About Us

In April of 2005, Town & Country Industries joined the ABC Supply family, and together we are the largest wholesale distributor of roofing, windows, gutters, siding, hurricane protection and aluminum building products in the United States.

Since our start in 1982, we've grown to become a national organization with more than 800 branches and other facilities in 49 states. Our success is the result of an unwavering focus on a single, simple guiding principle - treat contractors (large and small) with respect and give them the products and services they need to build their businesses. We offer high quality products, superior service and competitive pricing, ensuring the contractors have the products they need - when and where they need them.

T&C-Ultradrive

Impact rated drivers Made in the USA

1. Lobular design engages sides of screws, not the corners, reducing rounding and minimizing coating damage
 2. 100% Made in the U.S.A.!
 3. Made from "hardened" steel and guaranteed to last*
 4. Special "Torsion" 6" #2 & #3 Philips drive for installing and removing windows. Torsion drives are designed to "Flex" to reduce wear on old or new installation screw heads.
 5. Each driver is color coated to simplify selection when on the job.
 6. Impact tool rated HOWEVER we do not recommend impact drills on any coated screw.
- *Drivers are guaranteed not to fail under normal use. Colored coating is not covered.

Pergola

Elitewood™ Ultra Series

Elitewood's™ unique metallic composition offers not just comfort, but complete peace of mind:

- Little to no maintenance
- No cracking, warping, or splitting
- Fire resistant
- Unsurpassed durability that will preserve its beauty for years to come.
- Total weather resistance
- No need for painting
- Termite resistant

Ultra Series is embossed with a rough hewn deep driftwood texture that resembles the natural appearance and beauty of real wood without the many problems associated with wood. Ultra Series Patio Covers feature design diversity, and numerous optional extras.

Create the perfect shade cover to enhance the beauty of your home and lifestyle. Choosing an Elitewood™ Ultra Series shade cover is not only an investment that provides return on your home's value, but creates the perfect environment for any occasion.

Pergola

Naturewood Pergola

The ultimate shelter patio cover that offers style and elegance to enhance your outdoor living area.

Sequoia Package - The Sequoia Package combines the Naturewood Pergola system with the Elite insulated roof system to protect your outdoor living area from the elements and keeping a cool environment under the solid roof structure. Electrical raceway concealed in the Elite roof can support lighting or ceiling fans underneath the solid roof structure. The Sequoia Package is available in either a 3", 4" or 6" thickness, depending upon your geographical location. Specifically, the thickness required is based upon snow load, wind load and other engineering and customer requirements.

Impenetrable, Non-staining Paint Coating - Featuring the Duracoat XT-10 Weatherguard Paint Coating which is a low-maintenance, highly durable polyester coating great for interior and exterior applications. The XT-10 series is formulated with a proprietary composite polyester resin for resistance to U.V. degradation to prevent chalking and fading in severe environments.

Custom Designed Shade Settings - The Naturewood Pergola gives you the flexibility to determine the amount of shade you desire. Any combination of shade and sunlight from 40%, 60% to 100% total shade can also be created while the other portion allows as much sunlight as desired.

Multiple Colors and Heights available

Gable Vents & J-Blocks

Standard Block (2-Piece)

Description

- Designed to flush mount light fixtures, receptacles, exterior faucets, etc.
- Front panel accented by attractive route red edge
- Can be used for all profiles of siding
- Easy to install for a finished appearance

Electrical Block

Description

- A dual-purpose electrically approved mounting block engineered for both light fixtures and electrical receptacle applications
- E-Mount's electrical box is self-contained within the block, greatly simplifying wiring
- The result is a flush-mounted device that allows virtually no air infiltration

Vent (2-Piece)

Description

- Dryer vent or bathroom exhaust fan vent
- Flush mounts to surface
- Includes 10" tube with 4" - 3" reducer available

Hooded Dryer Vent

Description

- Dryer vent or bathroom exhaust fan vent
- Colors packaged 1 per box
- Includes 10" tube with 4" - 3" reducer available

Meter Box

Description

- For meters and extra large fixtures
- Colors packaged 1 per box
- White and paintable packaged 6 per box
- Fixed Ring

Siding, Soffit & Accessories

Gable Vents

Description

- Premolded 1" J Channel with large nailing flange
- Fine detailed 2" wood-grained brick mold
- Unique, new design baffled louver keeps out rain gusts and snow

Types

- 16" Octagon
- 15" x 22" Round Top Vertical
- 15" x 15" Square
- 15" x 22" Round Top Vertical
- 20" Octagon
- 30" Round
- 32" x 20" Round Top Vertical
- 20" x 26" Rectangle
- 32" x 20" Round Top Vertical

Recessed Split Mount

Description

- The ideal mount for remodeling
- Larger than the industry standard, it allows easier use of receptacles and faucets, as well as, more room for clear turning of faucet handle

Recessed Split Mount

Description

- Fits on top of double 4" and double 5" lap siding
- Use for mounting fixtures after siding is installed

James Hardie Fiber Cement Siding & Trim

Installed on over 8 million homes from coast to coast, James Hardie® fiber cement siding products are designed to resist the most extreme conditions while delivering long term beauty and lower maintenance. Enjoy the warm, natural look of wood with unprecedented peace of mind. It's easy to see what makes James Hardie the market leader.

With our unique formulation, we use the highest quality raw materials and proprietary additives for enhanced strength and moisture protection.

Top to bottom, our exterior product line is defined by excellent performance, aesthetics and design options.

Provide protection from the elements, showcase a homeowner's individual style and install peace of mind with exceptional warranties through a single, trusted manufacturer.

Siding, Soffit & Accessories

Allura Fiber Cement Siding & Trim

Allura Primed Fiber Cement offers a textured and smooth look for your home with an industry best 50 year warranty. Allura Colormax matches the industry best 15 years on color warranty. Another benefit of Allura is thickness of panel. It is 5/16 thick (25% thicker than most competitors) which allows better rigidity (less sag), higher impact resistance and less breakage.

Allura products feature realistic wood grain and textures, come in an incredible array of colors and are paintable for unlimited design possibilities. Alluras primer is mixed and formulated by PPG Paint. The primer holds paint better than the competitor. Get the best for your home or project with Allura Fiber Cement now offered by Town & Country Industries.

Siding, Soffit & Accessories

Everlast Composite Siding & Trim

The solid, authentic, high-end look of real cedar siding, with none of the problems of real wood, engineered wood, or fiber cement. Extremely durable and low maintenance mineral composite siding with polymer resins and acrylic colorants and virtually impervious to water, Ideal for any environment including coastal and freeze/thaw.

Everlast Siding never requires caulking or painting and is less than half the weight of fiber cement. Requires no proprietary or specialty tools to install and EZStack joinery speeds installation and ensures level. Stainless steel brackets allows the tightest seams and only ¼" expansion and contraction at the end of siding runs in sweltering heat or frigid cold . These benefits allows Everlast to offer a Limited Lifetime Warranty to original homeowner and an additional 50 year prorated warranty to any subsequent homeowner.

Choose from a beautiful palette of timeless colors.

***Note:** Extended lead time required for this part in this color.

This chart shows the roof pitch paired to the approximate variable degree elbow.

ROOF PITCH	DEGREE
Mansard	15°
18/12	22°
16/12	22°
14/12	22°
12/12	30°
10/12	45°
8/12	45°
6/12	45°
4/12	75°

Variable degree elbows are used to go around obstructions (ledge jumpers) or transition to the slope of the roof.

Expansion Joints & End Caps

Expansion Joints

Part #	Description	Colors	Nom. Gauge/ Thickness	Pieces/ Box
AEJ5ML	Aluminum 5" Expansion Joint	Mill	0.030	12
AEJ6ML	Aluminum 6" Expansion Joint	Mill	0.030	12

A 40' section of gutter can potentially expand almost 2/3 of an inch from winter to summer moving the fasteners back and forth until the gutter falls down. Expansion joints are a preventive measure for excessive movement in the gutter, and should be mounted in place every 40' of exceptionally long gutter runs.

End Caps

Half Round T-Wedge Hangers

Part #	Description	Colors	Nom. Gauge/ Thickness	Pieces/ Box
ATWHR49ML	Aluminum HR T-Wedge 4900	Mill	0.070	50

A T-Wedge can be adjusted to keep the gutter level at various fascia board angles.

Screen Systems

NX Drop-In

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
ALGP5DIML	Aluminum 5" Drop-In	Mill	0.025	4'	50	200'
ALGP6DIML	Aluminum 6" Drop-In	Mill	0.025	4'	50	200'

The front attachment provides a firm hold to the front of the gutter and has a wide mounting flange for a permanent install. The mill finish aluminum screen is micro crimped for enhanced durability.

NX Lock Small Hole

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
GGP5LSHBK	Galvanized 5" Lock Small Hole	BK	28 ga	4'	25	100'
GGP6LSHBK	Galvanized 6" Lock Small Hole	BK	28 ga	4'	25	100'
GGP7LSHBK	Galvanized 7" Lock Small Hole	BK	28 ga	4'	25	100'

The small hole screen system installs quickly without disturbing the shingles with its front and back snap lock system.

NX Lock Regular Hole

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
GGP5LRHBK	Galv. 5" Lock Regular Hole	BK	28 ga	4'	25	100'
GGP6LRHBK	Galv. 6" Lock Regular Hole	BK	28 ga	4'	25	100'

The regular hole screen system installs quickly without disturbing the shingles with its front and back snap lock system.

Rainware

NX Step Down

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
GGP5SDBK	Galvanized 5" Step Down	BK	28 ga	4'	25	100'
GGP6SDBK	Galvanized 6" Step Down	BK	28 ga	4'	25	100'

The small hole screen incorporates a raised snap-in system in the back of the gutter to seal off the void between the shingles and the screen. Step Down installs quickly without the use of screws or disturbing the shingles.

NX Premium Lock

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
ALGP5PLBK	Aluminum 5" Premium Lock	BK	0.032	4'	25	100'
ALGP6PLBK	Aluminum 6" Premium Lock	BK	0.032	4'	25	100'

The tiny holes keeps out small debris, while allowing water to flow through the screen. Two stiffening beads run down the center of the screen for added strength. Installation is quick and easy without disturbing the shingles. The screen locks into place with a raised back and front-tiered mounting system.

Perforated & Dome

NX Smooth Flow

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
ALGP5SF --	5" Smooth Flow	BK, WH	0.019	6'	40	240'
ALGP5SFML	5" Smooth Flow	Mill	0.019	6'	40	240'
ALGP510SF -	5" Smooth Flow	B, W	0.019	10'	25	250'
ALGP510SFM	5" Smooth Flow	Mill	0.019	10'	25	250'
ALGP6SF --	6" Smooth Flow	BK, WH	0.019	6'	40	240'
ALGP6SFML	6" Smooth Flow	Mill	0.019	6'	40	240'
ALGP610SF --	6" Smooth Flow	B, W	0.019	10'	25	250'
ALGP610SFM	6" Smooth Flow	Mill	0.019	10'	25	250'

The perforated cover installs easily without disturbing the shingles. Product is factory notched for easy overlapping. Dual center ribbed bends provide extra rigidity against expansion and contraction. Six 50-count bags of #6 hex head 3/8 stainless steel painted screws are included.

NX Master Flow

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Length	Pieces/ Box	Feet/ Box
ALGP5MFBK	Aluminum 5" Master Flow	BK	0.019	4'	25	100'
ALGP6MFBK	Aluminum 6" Master Flow	BK	0.019	4'	25	100'

The snap in perforated panels are installed without disturbing the shingles and without the use of screws. The patented curved back portion keeps the contoured front mounting system in place, provides a gentle transition of rainwater on to the panel, blocks debris from depositing in the back of the gutter, and is not obstructed by screw hangers.

NX Snap-In Dome Cover

Part #	Description	Colors	Nom. Gauge/ Thickness	Piece Box	Pieces/ Box	Feet/ Box
ALGP5SD	Aluminum 5" Snap-In Dome	BK, RB, TB, WH	0.028	4'	14	56'
ALGP6SD	Aluminum 6" Snap-In Dome	BK, RB, TB, WH	0.028	4'	14	56'

This unique solid dome cover is designed for maximum debris load and is one of the easiest dome cover systems to install. The dome cover snaps in without the use of brackets or screws and doesn't disturb the shingles. Snap-In Dome is available in several colors to enhance the curb appeal of your home by blending in with the roof line.

NX Universal End Caps

This is an approximated spread sheet! Number of blades plus two centers equals max spread. Tracks need to be slightly shorter . All shutters should be measured after assembly to verify proper track size. Shutter blades vary according to die life. Blades can range from 6.8 To 7.05" per pair. Spread out over 20 pairs, this can reflect a 5" variance.

This is an approximated spread sheet! Number of blades plus two centers equals max spread. Tracks need to be slightly shorter . All shutters should be measured after assembly to verify proper track size. Shutter blades vary according to die life. Blades can range from 6.8 To 7.05 per pair. Spread out over 20 pairs, this can reflect a 5" variance.
