Creating the Ultimate Patio Cover

Discover the perfect blend of beauty, durability, and functionality with Ultra-Pro Fab Insulated Patio Covers. Enjoy the look and texture of natural wood without the hassle of maintenance or the problems associated with traditional wood patio structures.

KEY FEATURES:

- **Superior Strength & Durability:** Our Insulated Laminated Roof Panels are constructed with high-density expanded polystyrene (EPS) cores, bonded with heavy gauge aluminum skins embossed with a stunning driftwood pattern. This combination provides long-lasting strength and resilience to weathering.
- **Thermal Protection:** The panels create an effective thermal barrier, keeping your outdoor space comfortable by minimizing heat radiation. Available in thicknesses of 2", 3", 4", and 6" (standard thickness is 3").
- **Noise Reduction:** These panels absorb sound, reducing the noise from rain and hail, ensuring your outdoor space remains peaceful even during storms.
- **Matching Components:** The support posts, trim members, and setback seams are designed to perfectly match the color, driftwood embossing, and low gloss finish of the roof panels for a seamless and stylish look.
- **Electrical Integration:** Built-in internal electrical raceways make it easy and safe to wire ceiling fans or lighting fixtures, enhancing the functionality of your patio space.
- **Walkable Roof:** Ultra-Pro Fab's strong roof panels are sturdy enough for you to walk on, allowing access for easy maintenance or painting of the home's exterior.
- **Low Gloss White Finish:** The Ultra-Pro Fab Insulated Patio Cover comes in a sleek low gloss white finish for a modern and clean look.
- **Optional Upgrades:** Enhance your patio cover with optional "Vinyl Leaf Guards" or the "Double Catch" Extruded Gutter Fascia, designed to keep leaves and debris out of gutters and downspouts.

Transform your outdoor living space with the Ultra-Pro Fab Insulated Patio Cover — the ultimate solution for strength, beauty, and convenience. Contact us today for more information or a price quote
